This allows the student to report any bugs to us.

This is viewed on a regular basis.

If the student needs any more support they can select these and it will give them guidance with the system.

A screenshot of a web form titled "Report Technical Issue". It includes a warning message: "Please do not abuse the bug report form. The use of foul and abusive language will be dealt with accordingly." Below this is a text area labeled "Description" and a "Submit bug report" button at the bottom.

Students can customise their screens by changing their slide colour, text, font and font size.

Once they have completed their lesson, they need to press 'save and exit'

This allows them to listen to the text on the slide. (And report it if it is incorrect)

They can use a calculator in some lessons

Students can upload word documents etc for us to view within their marking.

Students have a doodle button to make notes

Students have an alert button for any emergency

The help button gives the student a list of help groups (nspcc)
